

## The Pandemic EVIDENCE Collaboration 2025 International Conference

Looking at the Pandemic in the Rearview Mirror: Successes, Failures and Unintended Consequences

14 – 16 MAY 2025

Banff Centre for Arts and Creativity, Banff, Canada

## Day Zero Tuesday 13 May 2025

| 13:00 - 15:00 | Evidence-Informed Fellows Early to Mid Career Workshop |
|---------------|--------------------------------------------------------|
| 18:30         | Introductory Dinner                                    |

## Day One Wednesday 14 May 2025

| 08:00 - 08:30  | Coffee & Poster installation                                                            |
|----------------|-----------------------------------------------------------------------------------------|
| 08:30 - 09:00  | Welcome and Introduction or Opening Remarks                                             |
| 09:00 - 10:30  | Session One – Panel Discussion                                                          |
|                | Characteristics of COVID19: Assessing the difficulties of finding high quality research |
|                | evidence                                                                                |
| 10:30 - 11:00  | Refreshment Break                                                                       |
| 11:30 - 13:00  | Parallel Abstract Sessions                                                              |
| 13:00 - 14:00  | Lunch                                                                                   |
| 14:00 - 15:30  | Parallel Abstract Sessions                                                              |
| 15:30 - 16:00  | Refreshment Break                                                                       |
| 16:00 - 17:00  | Session Two – Guest Keynote Speaker Gordon Guyatt                                       |
|                | Evidence-Based Medicine a Historical Outline of its Application in Clinical Medicine    |
|                | and its Potential in the Management of a Pandemic.                                      |
| 18:00          | Welcome Reception                                                                       |
|                |                                                                                         |
| Day Two Thursd | ay 15 May 2025                                                                          |
|                |                                                                                         |
| 08:00 - 08:30  | Coffee                                                                                  |
| 08:30 - 10:00  | Session Three – Pillar One Diagnostics and Transmission                                 |
|                | The Benefits and Harms of NPIs: Methodological Standards and Study Design               |

| 10:30 - 11:00                                                                     |                                                                                                                                                                                                                                   |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                   | Refreshment Break                                                                                                                                                                                                                 |
| 11:00 - 12:30                                                                     | Parallel Abstracts Sessions                                                                                                                                                                                                       |
| 12:30 - 14:00                                                                     | Lunch                                                                                                                                                                                                                             |
| 13:00 - 14:00                                                                     | Lunch time Panel Session – Filling the Research Gap                                                                                                                                                                               |
